Solidarity Fund Scam Alert

It has come to our attention that an 'entity' is soliciting funds asking individuals to make donations in the form of bitcoin. The entity is using the descriptor, **COVID-19 Solidarity Response Fund**.

We want to state that the Solidarity Fund will never make a request for bitcoin payments and that you can make your donations via our [website](#) through our secure payment mechanisms that have been set up for this purpose. There are several methods of making donations available and you can read all about this on our [website](#). Should we make any other methods available for donations we will communicate this through our official channels.

We appreciate each and every contribution made to the Solidarity Fund to help us in our fight against Covid-19.

Official Channels of Communication

We will only communicate with you through our official channels and will let you know if we have any additional platforms of communication.
